

Wizard Duel – Rulebook

Welcome

A tactical wizard duel card game where players secretly prepare spells, unleash chaotic magic, and battle to reduce opponents' health to zero.

Players gather magical pips, enhance spells with charms and traps, and survive the unpredictable forces of Wild Magic.

Determining the First Player

Roll 1d6.

- 1 – Whoever first grabs something purple goes first.
- 2 – Whoever touches their nose first goes first.
- 3 – Whoever woke up the latest today goes first.
- 4 – Whoever can say "abracadabra" the most dramatically goes first.
- 5 – Whoever can make the best spell-casting sound effect goes first.
- 6 – Whoever is best dressed at the table goes first.

Designer Shortcut:

Anyone who sends the creator 10 first automatically goes first.

Pip Drawer

Players may hold a maximum of 10 pips.

If a player would draw while holding 10, the pip returns to the bag.

Round Structure

Each round has three phases:

1. Casting Phase

Players draw a pip, secretly place a spell face down, and place a target token.

2. Wild Magic Phase

Critical rolls and fizzle duels occur.

3. Spell Showdown

Players reveal targets and spells in turn order.

Critical Hits

Roll 1d20 when casting a damage spell.

Critical occurs if:

- Natural 20, or
- The result equals your Lucky Number.

Critical doubles the base spell damage.

Fizzle Duel

Play a Fizzle Pip during Wild Magic Phase.

1. Choose a die (d4, d6, d8, d10, d12, d20)
2. Opponent calls High or Low
3. Opponent rolls

Match = fizzle player fizzles

No match = opponent fizzles

Damage Order

- 1 Base Damage
- 2 Critical
- 3 Blades / Charms
- 4 Traps
- 5 Shields
- 6 Final Damage

General Rules

Hand Limit: 7 cards.

Enchant cards fuse with spells and count as one card.

Reshuffle Cards: Each deck has 2 reshuffle cards.

They shuffle your discard pile back into your deck.

Card Ownership: Cards always return to the discard pile of the player who played them.

Center Deck cards are discarded to the center discard pile and cannot be reused.

Health Tracking

Players move their house peg down the health bar when damaged and up when healed.

Health cannot exceed starting health.

Calculators may be used for damage calculations.
